READING & WRITING TOOLS THAT EMPOWER STUDENTS

Word Prediction
Predicts the word being typed and the next word to be typed. Supports writing skills, including spelling and helps construct sentences easily.

Check It
A *powerful* proofreading tool that checks for spelling, grammar and confusable word errors. This on-demand tool allows the user to check their writing when ready. The writing process is not impeded by those bumpy red lines.

Talk&Type
Turns the spoken word into text in a Google Doc (similar to Google Voice Typing).

Play-Pause-Stop
Reads aloud text with dual color highlighting using natural-sounding male and female voices.

DID YOU KNOW?
Vocabulary Tool

You can use the Vocabulary Tool in Docs too!

To use this tool, **highlight at least 3 single words in your Google Doc** using the highlights tool (any color). Some hyphenated words or two word phrases may not work (such as climate change).

After creating a vocabulary list, you can easily edit the list or add additional words by using the Web Search tool.

To find out more about the vocabulary tool, **click here.**

Teacher Feature: Voice Note
Tools for You

Providing Feedback & Clarifying Directions

Use Voice Note to provide student feedback on writing assignments and/or restate questions for subject matter that is technical or challenging for students.

Voice Note allows you to record a short audio file (one minute or less) of your voice, and inserts it into a Google Doc as a comment.

To find out more about the Voice Note tool, click here.

Test Accommodations

Use Voice Note with students with that require quiz/test questions to be read aloud (per the IEP or 504 plan).
